

May 18-24, 2025
"Advancing Quality of Life of All"

Whereas, public works professionals focus on infrastructure, facilities and services that are of vital importance to sustainable and resilient communities and to the public health, high quality of life and well-being of the people of Alberta; and

Whereas, these infrastructure, facilities and services could not be provided without the dedicated efforts of public works professionals, who are engineers, managers, and employees at all levels of government and the private sector, who are responsible for rebuilding, improving, and protecting our nation's transportation, water supply, water treatment and solid waste systems, public buildings, and other structures and facilities essential for our citizens; and,

Whereas, it is in the public interest for the citizens, civic leaders, and children in Alberta to gain knowledge of and to maintain an ongoing interest and understanding of the importance of public works and public works programs in their respective communities.

NOW, THEREFORE, that I, Amy Cherniwchan, Mayor of the Town of Smoky Lake, Alberta, do hereby designate the week May 18-24, 2025 as National Public Works Week; I urge all citizens to join with representatives of the American Public Works Association/Canadian Public Works Association and government agencies in activities, events, and ceremonies designed to pay tribute to our public works professionals, engineers, managers, and employees and to recognize the substantial contributions they make to protecting our national health, safety, and quality of life.

Original Signed
Amy Cherniwchan
Mayor
