
Smoky Lake - Kosiv Project

OUR TEAM

Where is Smoky Lake? What is it like?

Smoky Lake is located in the prairie provinces of Canada, in Alberta! Smoky Lake has beautiful landscapes including lush grain fields, agriculture, and bright blue skies. We just had our annual “Pumpkin Fair” where pumpkins are celebrated. They even do a “pumpkin drop” to help fundraise for our graduating class!

What we liked most about your school and culture...

There is so much we like about your school and culture! We really like that you have the opportunity to learn different things like creating pottery and even learning new languages.

We simply adore your traditional clothing. In fact, Ukrainian Dancing is a very popular activity in Alberta, so many of us have the opportunity to experience this sort of clothing!

What are the biggest differences between Canada and other countries?

One big difference between Canada and some other countries is our landscapes and opportunities. On the west coast, fishing and lumber is very important to the economy. In the prairies, agriculture is very important to the economy. In the maritimes, fishing and trapping is very important to the economy.

We are proud to have vast landscapes, including the Rocky Mountains, beautiful beaches, and different temperatures!

Some unique aspects of Canadian culture that many don't know about...

There are many unique aspects of Canadian culture that many don't know about. Here are a few:

1. Not every province is freezing cold! In fact, southern British Columbia is Canada's only "desert".
 2. We don't all love poutine! Poutine is french fries with gravy and cheese curds.
 3. We do love hockey! Many of us support various teams from Canada, including the Edmonton Oilers
-

Thank you for watching and reading our google slide! We would love to hear from you again.

1. What do you like most about your country?
 2. What do you like most about your school?
 3. What is your favorite food?
 4. Where is your favorite travel destination?
 5. What is one Ukrainian word we should know about, and know how to pronounce?
